FROM : [REDACTED]

2. Note especially last two sentences in para. 3. Letter from SCS/SO states that, regarding Marion Worthing and Douglas Coster, "the eligibility of these persons for membership on EDIC from the standpoint of security has not as yet been established by this office." You will recall our earlier discussions regarding Miss Worthing and your phone call to her in which she agreed to bring a statement of certification. Presumably, your office also feels that Douglas Coster is cleared to the program.

3. Are these two sentences referred to acceptable to you? If not, please revise. What other action do you suggest in this regard? *JP*
